matki

matki

Effortless style and sublime innovation are the hallmarks of any Matki Collection, and the foundations on which every Matki product is created. The epitome of indulgence, each design is a stunning mix of sumptuous, hand-crafted beauty and luxurious functionality, where even the smallest detail has been developed to give you a truly exhilarating shower experience.

The exceptional range of doors, surrounds, bath screens and trays exhibit the talent and passion of the Matki design team. Each product is carefully manufactured in our Bristol, Redruth and Waterlooville factories, ensuring it surpasses our unique and exhaustive quality demands. Sleek frames built from rigid Aluminium and Stainless Steel extrusions, with door furniture and fixings Chromed and modelled from solid metal, provide a perfect balance of staggering beauty and long-lasting performance.

Exquisite design and supreme perfection: Pure Matki.

GENERAL
INFORMATION

ECLIPSE CORNER - LSPC900

ECLIPSE COLLECTION

Eclipse is all Matki: Elegant, streamlined looks and long-lasting, superb performance.

The handle, hinges and brackets are designed to especially slender proportions and wall frames are mostly concealed behind frosted glass edges. These details enhance the spacious feel of the shower surround giving it a lighter, almost frameless appearance.

8mm thick safety glass and solid brass fittings give a firm, reassuring feel to the door's performance and a concealed magnetic closure adds the finishing touch.

Eclipse Hinged Door Models are available for Corner and Recess in Silver/Chrome finish. See opposite and page 5 for images and **pages 46 and 48** for prices and specifications.

Patent applied for.

■ Eclipse frosted glass edge covering wall frame

■ Eclipse brace bar detail

■ Eclipse handle with magnetic closure

■ Eclipse wall bracket and frosted glass detail

ILLUSION COLLECTION

Illusion has its name for a reason. There is an emphasis on frameless design with sleek wall channels, no frame where the glass meets the tray and a neat flush fitting handle option. This achieves a luxurious, spacious feel whilst not compromising on the enclosure's functionality and durability. There is a special unique off-set hinge system to allow the widest possible entrance; Matki secure non-slip hinge technology; and integration of the glass panel into the shower tray to add to the unit's strength and avoid the use of visible silicon. Illusion is the epitome of Matki design: Superb stylish appearance and uncompromising functional prowess.

CONFIGURATIONS

FEATURES

A choice of configurations is available. Quintesse, Corner and Recess

Illusion Quintesse: An elegant solution for corner fitting with a beautiful frameless appearance and Integrated Shower Tray for a seamless look. See opposite and page 8 for images and **page 50** for price and specification.

Illusion Recess: Minimal 8mm glass door and panels. Available with or without Integrated Tray. As Standard in Chrome and Silver finish, version without Integrated Tray also available in Matt Black finish. See page 11 for image and **page 46** for price and specification.

Illusion Corner: Hinged door and panels for corner. Available with or without Integrated Tray. As Standard in Chrome and Silver finish, version without Integrated Tray also available in Matt Black finish. See page 12 for image and **page 48** for price and specification.

For prices and specification on Illusion Recess and Corner without Integrated Tray, visit www.matki.co.uk and search IR and IC models.

ILLUSION QUINTESSA - IQT900

ILLUSION QUINTESSE - IQT1490

HANDLE OPTIONS

■ Soft Return Handle (standard)

■ Traditional Handle (please specify)

SHOWER TRAY OPTIONS

■ The Illusion Integrated Shower Tray system has 8mm panel glass securely inserted into an innovative sealed channel in the shower tray, this eliminates the need for silicon sealant along the glass and tray junction. The trays have an integrated tiling lip on wall sides for a secure tray-to-tile seal and come with a Fastflow Shower Waste and Stainless Steel Grill.

■ Recess and Corner available to order with or without integrated Shower Tray. IR, pictured below, is designed to fit directly onto a Wet Room Floor or existing Shower Tray. See **page 46 and 48** for sizes and prices, and website for IR and IC without integrated tray.

ILLUSION CORNER IN MATT BLACK - IC1590

ILLUSION IN MATT BLACK

The Illusion for Corner and Illusion for Recess without Integrated Shower Tray are now available to order in a stylish Matt Black Finish, combining the elegance of Matki design with a celebration of modern industrial design themes.

Using a marine grade industrial coating, more hardwearing than traditional powder coating, the frames and Brass fixtures are scratch resistant and wonderfully bold.

Matt Black makes the Illusion a reality, positioning the showering space as a stylish centrepiece.

Pictured with perfectly matching Matt Black Brassware by Swadling Brassware.

See www.matki.co.uk , search IR and IC models.

MATKI-ONE SLIDER CORNER - MOSC1790

MATKI-ONE COLLECTION

The Matki-ONE Collection is elegantly unique with eye-catching detail. A subtly geometric design with angular profiles and stylish circular details on the handles and framing.

Chrome and Silver is the standard finish, but there is the opportunity to customise the framing and circular disc details with a range of exciting colour and metallic finishes. Black, Brass and Architectural Bronze have a distinctive appeal.

Matching form and function, the complete Matki-ONE Collection is engineered from high-quality materials for a sustained durability, consisting of highly robust Stainless Steel framing expertly engineered for a minimal appearance.

CONFIGURATIONS

FEATURES

A choice of configurations is available: Slider, Pivot, Quintesse and Curved. All with mirror polished Stainless Steel top track for strength and durability. Wet Room Panels are also available.

Matki-ONE Slider: A superbly smooth-running sliding door with soft cushioned roller action and assisted stop. See opposite and page 17 for images and **page 44 and 45** for prices and specification.

Matki-ONE Pivot: A strong and streamlined design with a two-way pivot door mechanism allowing the door to open both outwards and inwards. See page 18 and 21 for images and **page 47 and 49** for price and specification.

Matki-ONE Quintesse: A stunning design. The Matki-ONE Quintesse comes with or without shower tray. See page 23 for image and **page 51** for price and specification.

Matki-ONE Curved: Unique and wonderfully smooth functioning, with cushioned roller action and assisted stop. See page 24 for image and **page 53** for prices and specification.

Matki-ONE Wet Room Panels: Minimal yet distinctive, Matki-ONE Wet Room Panels come in a range of sizes, frame and glass finishes and configurations; including Single, Twin Entrance and L-Shaped Walk-In. See pages 26 - 33 for images and **page 54-57** for prices and specifications.

All the enclosures and panels in the Matki-ONE Collection consist of 8mm Safety Glass. Each configuration can be installed on a shower tray or tiled floor.

MATKI-ONE SLIDER RECESS - MOSR1200

MATKI-ONE PIVOT CORNER - MOPC900

FRAME FINISH OPTIONS

■ **Vertical frames** in a choice of Silver (standard), White, Black Anodised or Architectural Bronze.

■ **Horizontal frames** come with Mirror Polished Stainless Steel top track and Silver Aluminium bottom track.

■ For colour options and pricing please see **page 63**.

■ Silver (Standard)

■ White

■ Black Anodised

■ Architectural Bronze

HANDLE OPTIONS

Cylinder Handle: Outer part of the handle is available in a choice of Chrome (standard), Copper and Brass colours. See **page 63** for options and pricing.

Flush handle is standard on Slider model MOSC1000 and MOSR1000.

■ Chrome (Standard)

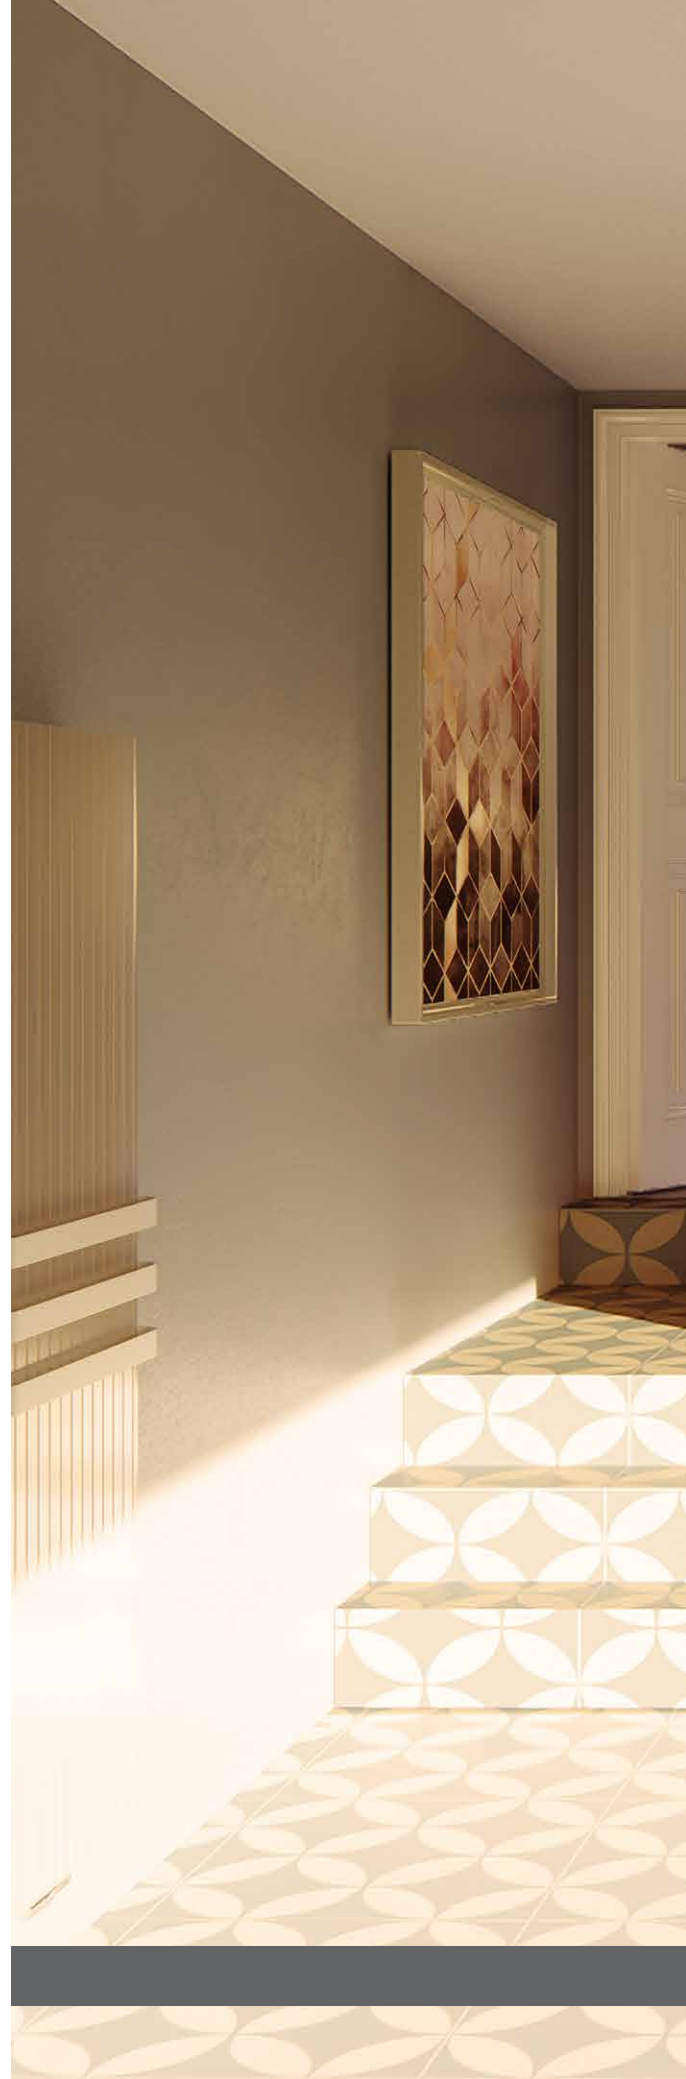

■ Copper

■ Brass

■ Flush

MATKI-ONE PIVOT RECESS - MOPR1500

DISC DETAIL OPTIONS

- **Disc** detail in choices shown above. Chrome is standard. For colour options please see **page 63**.
- **Disc** details are defining focal points appearing in different areas on the enclosure and handle dependent on which model you choose.
- **Wet Room Panel** disc appears at the front of the wall brace bar. Ceiling brace bar version does not include colour disc.

MATKI-ONE QUINTESSE - MOQP1290

MATKI-ONE CURVED - MOC1290

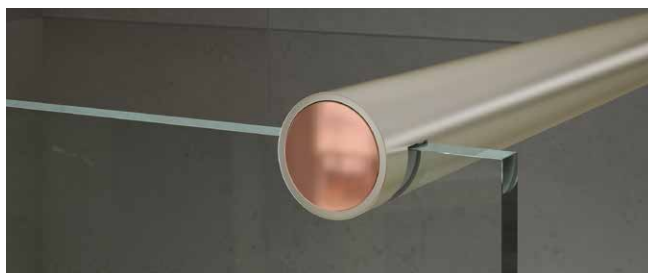

MATKI-ONE WET ROOM PANEL WITH WALL BRACE - MOWP1200

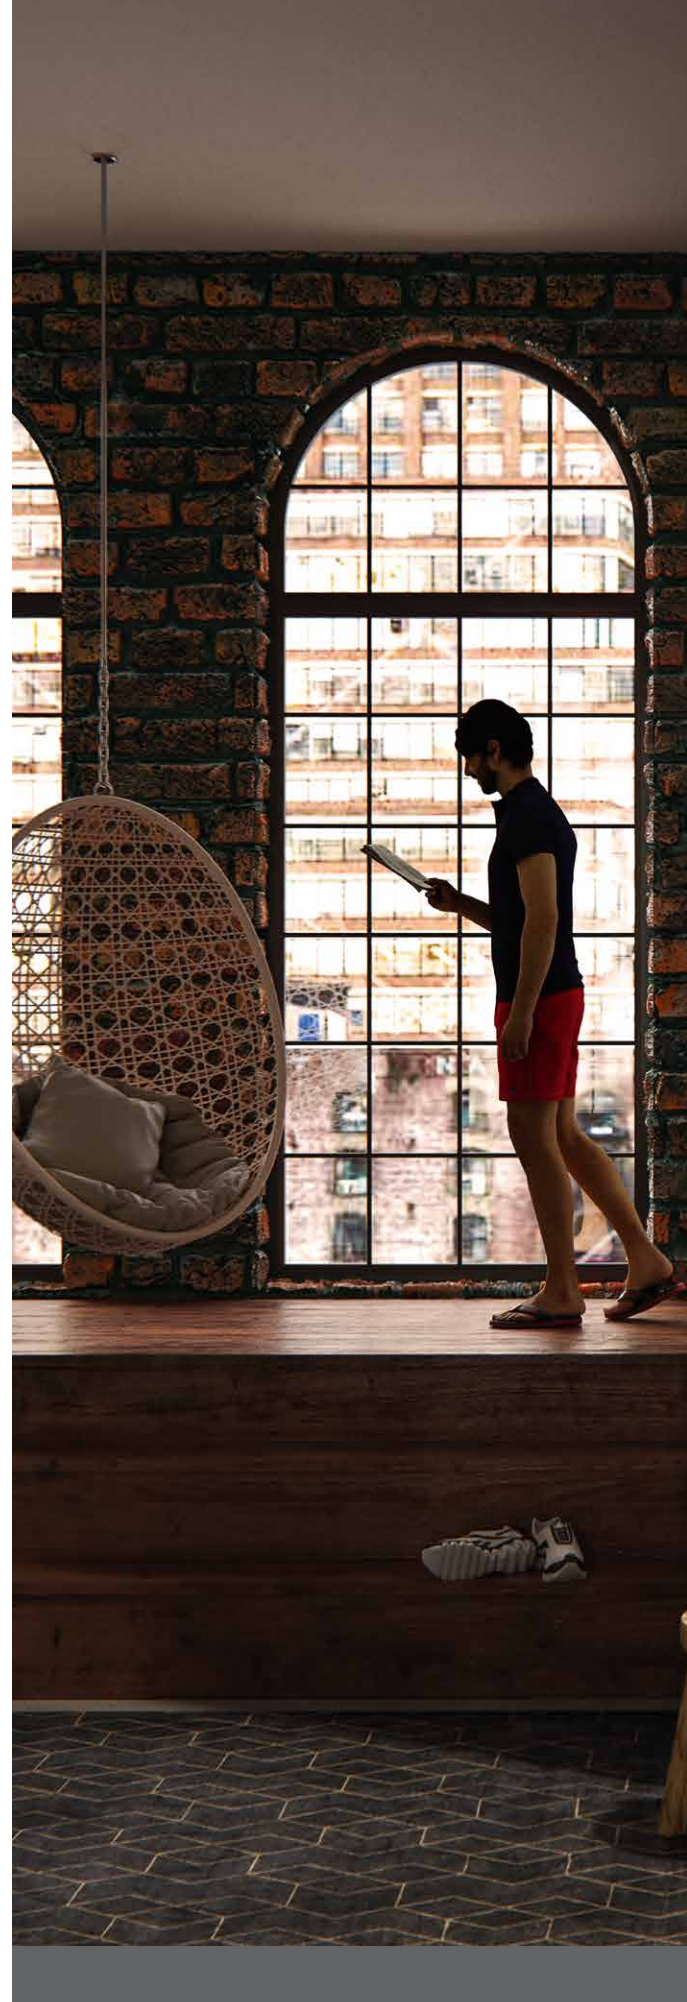

■ MOWV1000 - Wet Room Panel Ceiling Brace Version

■ MOWP1000 with Copper discs

THE MATKI-ONE FRAMED-EFFECT

■ Matki-ONE Wet Room Panels are exclusively available in Black Framed-Effect. Printed digitally onto 8mm solid Safety Glass in a hard-wearing ceramic, the framing has a unique style and makes a bold statement. See page 55 for prices and specification.

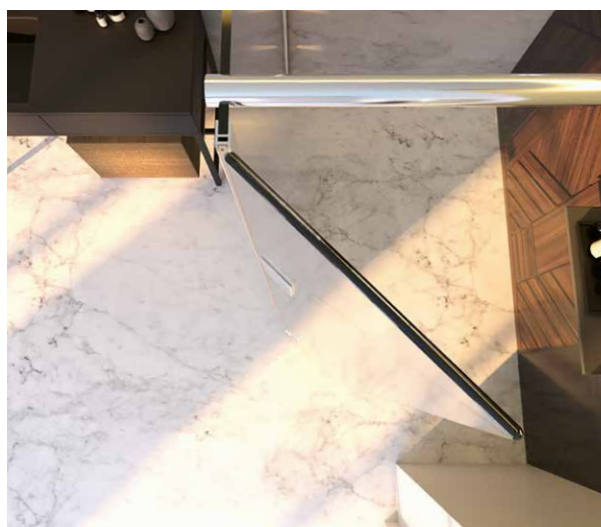

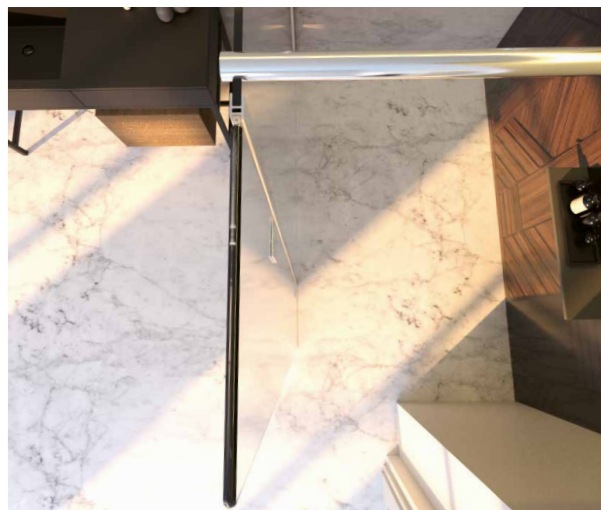

MATKI-ONE WET ROOM PANEL WITH WALL BRACE AND BLACK FRAMED-EFFECT - MOWP1200 FE

MATKI-ONE SINGLE PANEL WITH HINGED RETURN PANEL - MOWPHP1200

THE NEW MATKI-ONE HINGE PANEL

■ The Matki-ONE Wet Room Panel is now available to order as standard with a Hinge Panel. Working to reduce splash and spray from the shower area, the Hinge Panel opens through 180° and is fitted with an advanced Neoprene seal, keeping the Wet Room free of excess water with convenient flexibility. See [page 57](#) for prices and specification.

MATKI-ONE RAILS

■ Matki-ONE Rails are designed to complement the styling of the Matki-ONE Shower Enclosures and Panels. They are available in all the Matki-ONE colour sets and combinations, with the end-brackets only available in Silver. See **page 62** for prices and specification.

■ MOTR – Matki-ONE Panel Mounted Towel Rail

■ MOWR – Matki-ONE Wall Mounted Support or Towel Rail

MATKI-ONE PANEL AND SIDE PANEL - MOWW1790

RADIANCE COLLECTION

Both intensely invigorating and supremely functional, the Radiance Collection is perfect for the frantic pace of modern family life.

With its tempered glass surround, sleek Chrome framing and sliding door with discreet, soft closure, the collection is graceful yet sturdy.

The stunning Radiance Curved Corner Surround shown is available in several sizes, each with the timeless design that will fit effortlessly into the corner of the most stylishly modern or traditional of bathrooms.

CONFIGURATIONS

FEATURES

A choice of configurations is available. Curved, Straight Slider and Pivot.

I Radiance Curved: Unique and wonderfully smooth functioning, with high-lustre anodised Aluminium top track and cushioned roller action. See opposite and page 36 for image and **page 52** for price and specification.

I Radiance Straight Slider: A superbly smooth-running sliding door with high-lustre anodised Aluminium top track and whisper smooth cushioned roller action. See page 38 and 39 for images and **page 44 and 45** for price and specification.

RADIANCE CURVED - NRXC920

RADIANCE CURVED OFFSET - NRXO1480

■ Circular Handle for Radiance Curved, Offset Curved and Slider

■ NRXS1490 Radiance Slider for Recess

RADIANCE SLIDER FOR CORNER - NRXSC1490

BOUTIQUE PANEL WITH RETURN PANEL - NWSF1790

BOUTIQUE WALK-IN COLLECTION

Effortlessly luxurious, the Boutique Walk-In Collection has to be the very pinnacle of doorless showering solutions.

As Standard, Boutique Panels now come without any Brace Bars - keeping the Shower area spacious and uncluttered. This is a unique feature of these wet room walk-ins and testament to the strength achieved with thick 8mm and 10mm glass and integration into Shower Tray

CONFIGURATIONS

FEATURES

A choice of configurations is available: Single Panel, and Panel with Return Panel. Returns can be fixed or hinged and Side Panels can be added.

I Boutique Single Panel: A 10mm Glass Wet Room Panel with Integrated Tray and no Brace Bar, beautifully minimal and easy to maintain. Side Panel configuration also available. See **page 58** for price and specification.

I Boutique Panel and Return: Choice of a Fixed Return or Hinged Return Panel to give added splash protection. See opposite and page 43 for images and **page 59** for price and specification.

BOUTIQUE PANEL WITH RETURN AND SIDE PANEL - NWCC1790

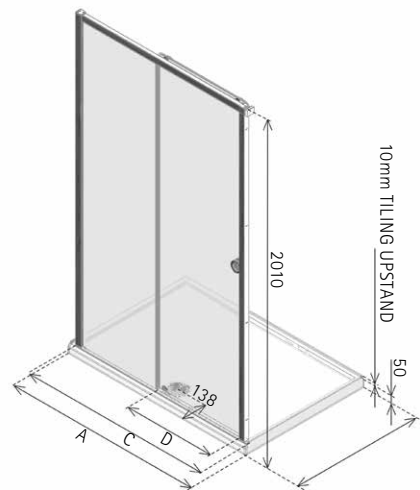

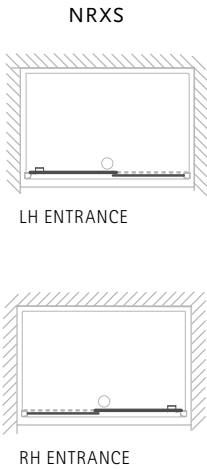

INTEGRATED SHOWER TRAY

8mm and 10mm safety Glass panels are cleverly inserted into a specially designed channel within the Shower Tray, forming a perfect seal. This eliminates the need for silicone sealant along the base of the glass surround and maintains a clean and frameless appearance

Boutique Walk-In 50mm high Shower Trays are made from Acrylic Capped Stone Resin available in White, Pergamon and Black, complete with Fastflow Shower Waste with Stainless Steel grill and tiling upstands on wall sides

RADIANCE SLIDER - INTEGRATED TRAY

SHOWER TRAYS AND FLOORS BY MATKI

Complete luxury in the Shower demands a stunning foundation.

Matki have manufactured Shower Trays in Cornwall since 1979. Beginning life within a small boat building factory in Penryn, we now operate a 60000 sq. ft purpose-built factory in Redruth.

All our Shower Trays and Floors are hand built and hand finished with precise attention given to the surface finish; robust coatings are then applied using state of the art machinery ensuring perfect durability.

Each important phase of manufacture is carried out by experienced team members, some of whom have worked with Matki since the very early days. With this experience comes an expert knowledge of our products and our quality demands – each Shower Tray that leaves the Redruth factory is inspected with expert eyes.

Matki offer a wide choice of shapes, sizes, styles and colours of Shower Tray including bespoke, designed to work harmoniously with Matki Shower Enclosures.

PEACE OF MIND

All Matki Shower Trays and Floors use surface materials which are chosen for their longevity, durability and natural non-slip qualities. Matt White Continental, Preference and Slate are all Certified Anti Slip Rated using the DIN51097 standard framework.

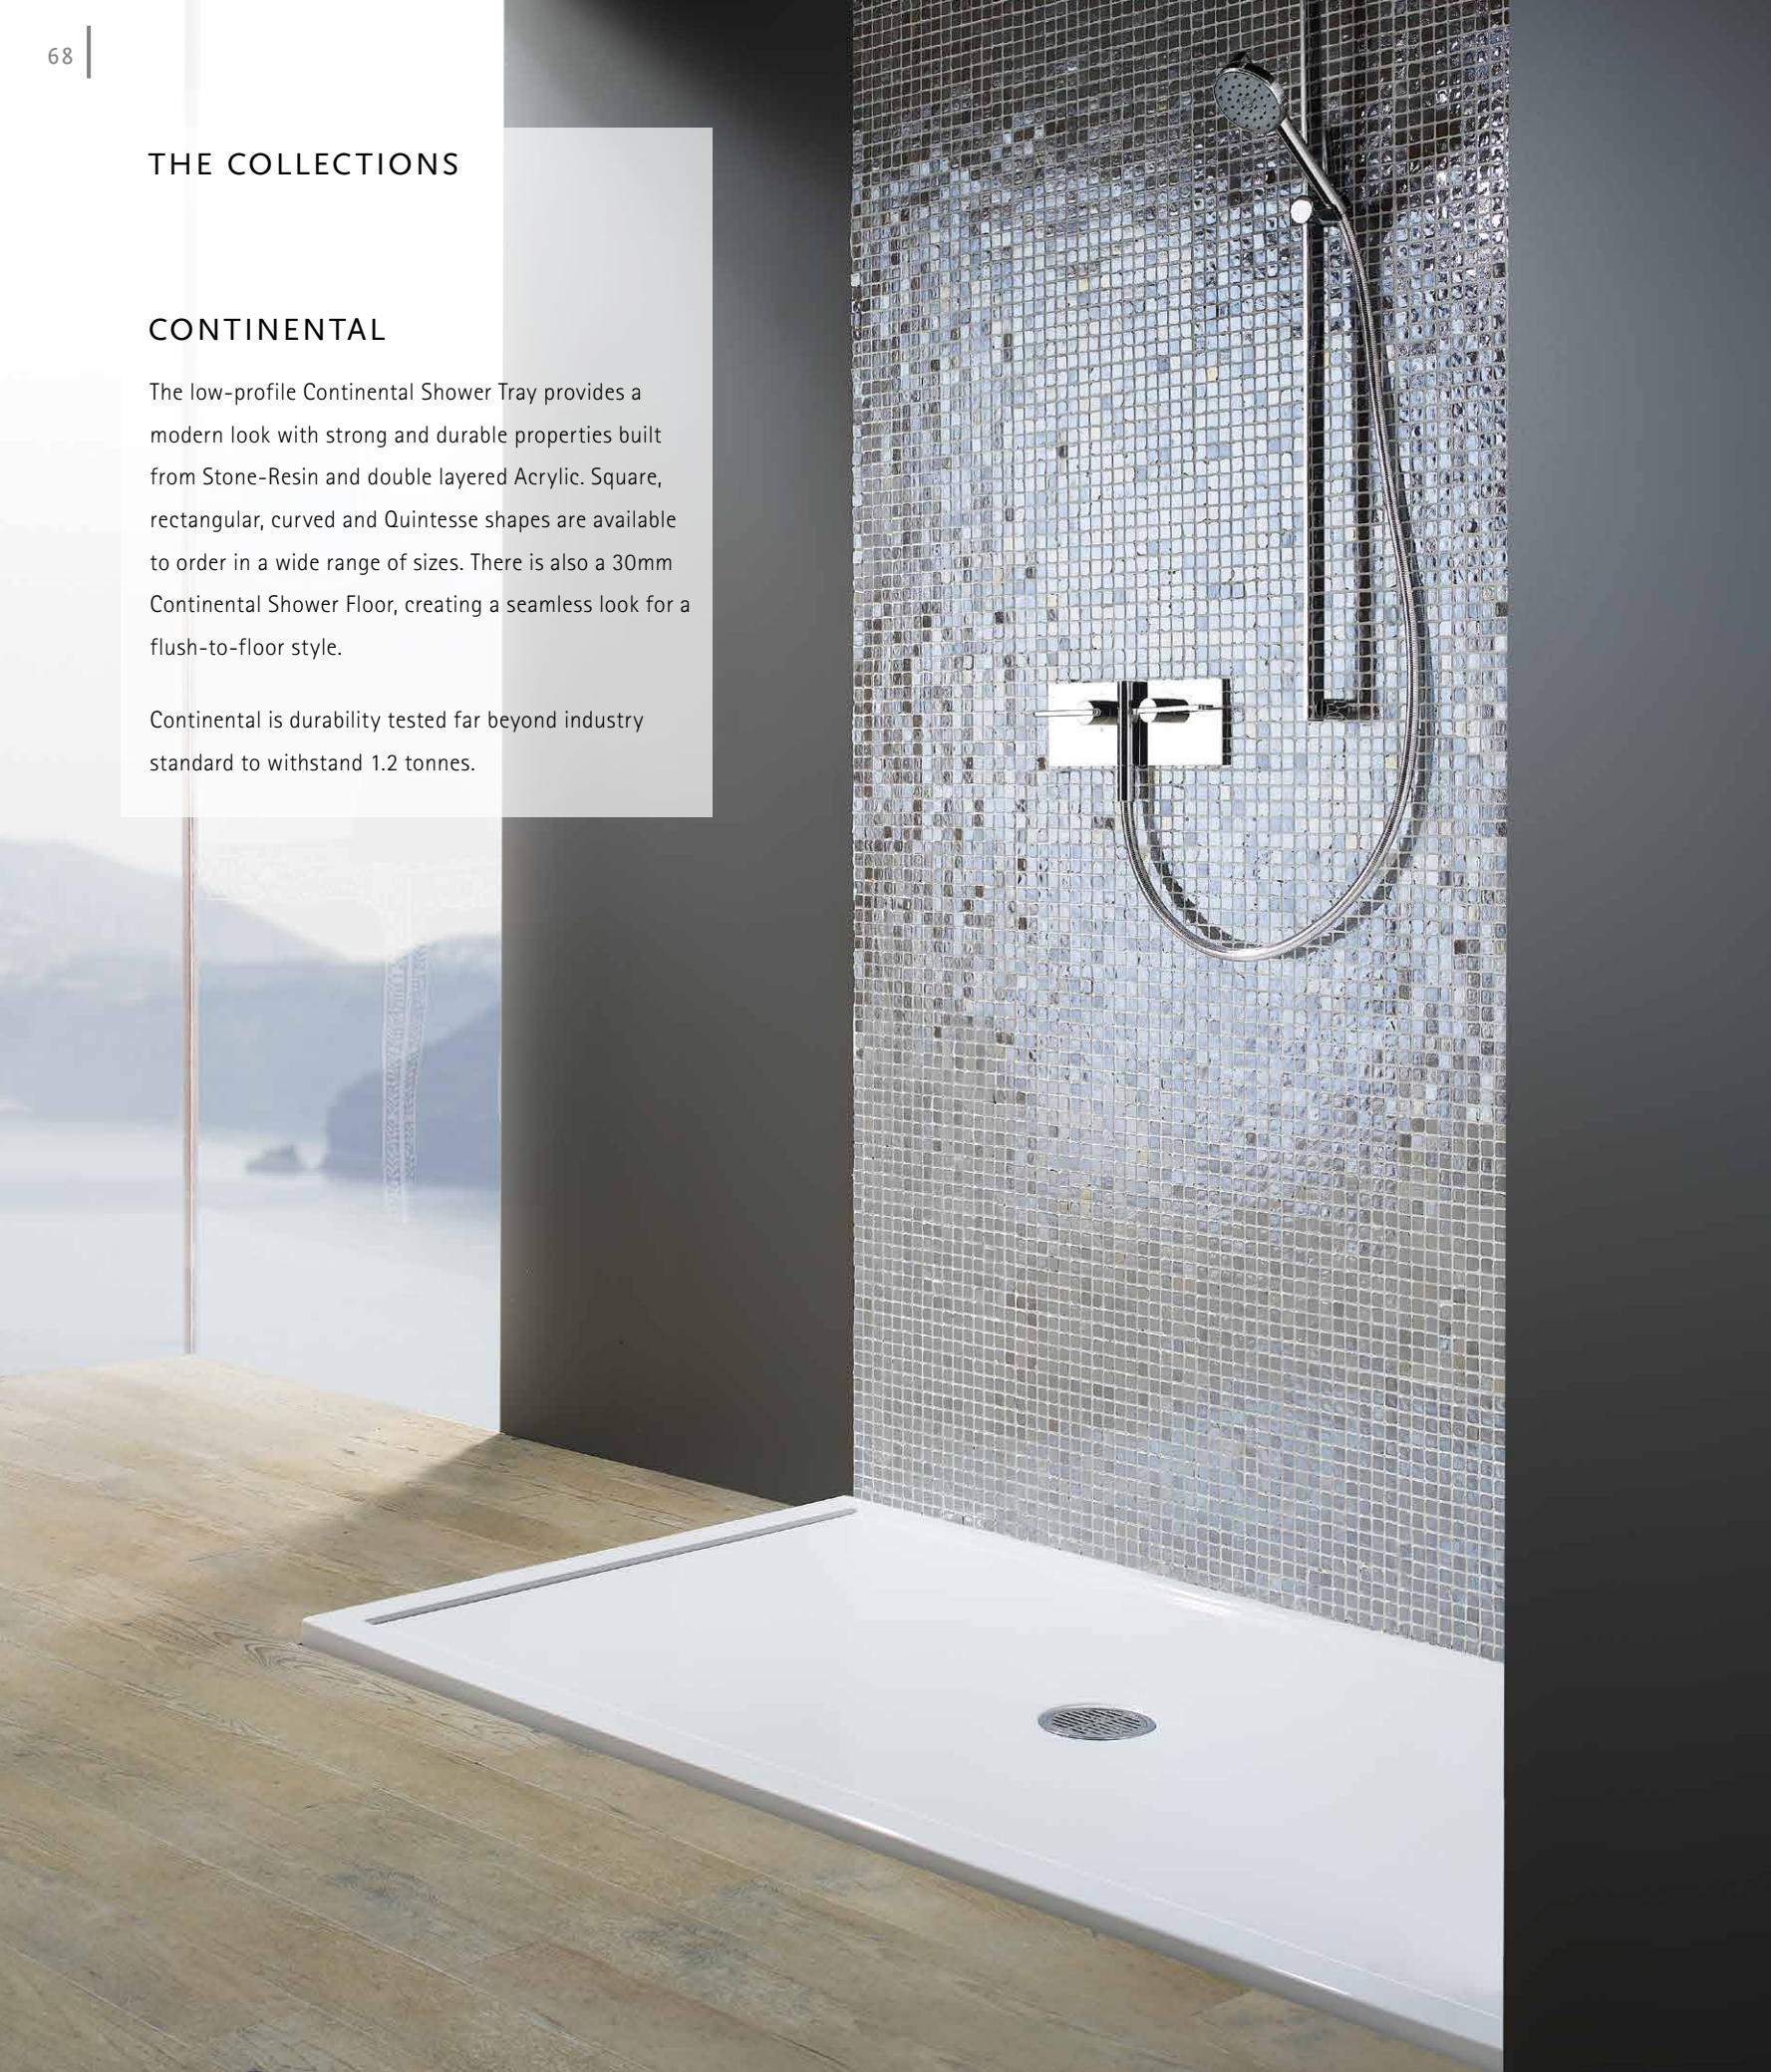

THE COLLECTIONS

CONTINENTAL

The low-profile Continental Shower Tray provides a modern look with strong and durable properties built from Stone-Resin and double layered Acrylic. Square, rectangular, curved and Quintesse shapes are available to order in a wide range of sizes. There is also a 30mm Continental Shower Floor, creating a seamless look for a flush-to-floor style.

Continental is durability tested far beyond industry standard to withstand 1.2 tonnes.

PREFERENCE

Made from the Matki Preference Solid Surface formula rich in ground Marble, Preference Shower Trays and Floors have a luxurious quality each taking up to 6 hours to perfect and hand-polish.

For fitting showering spaces into challenging layouts, bespoke sizes with cut-outs can be produced, catering for internal pipe chases, alcoves and around-bath setups.

Preference Shower Trays and Floors are available in any shape and size up to 2050mm by 1150mm and the central position of the waste can be shifted to avoid joists and other obstructions.

SLATE

Modelled on natural slate, the Slate Shower Tray and Floor have an authentic feel harmonising beautifully with natural stone schemes in the bathroom - it is even possible to colour match to surrounding tiling.

Slate Shower Floors can be made to measure in square or rectangular shapes in any size up to 2000mm x 1000mm with a central waste which can be offset dependent on size ordered.

UNIVERSAL

Available in any colour to order, our team can use RAL/Pantone charts, tile samples or even paint names to match colours to the wider bathroom design scheme.

Square, rectangle, curved and Quintesse shapes are available to order - the Universal Linear adds a note of difference to the collection with a uniquely designed linear waste cover.

FINELINE

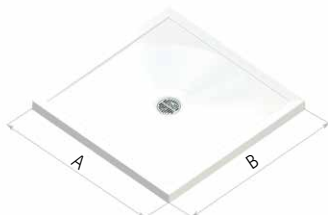

Striking a fineline between aesthetic and practicality. With a slightly increased height of 60mm, the Fineline brings added peace of mind and a deeper showering area.

Manufactured from high quality Stone Resin with a double layer acrylic cap.

CONTINENTAL 40

CL900

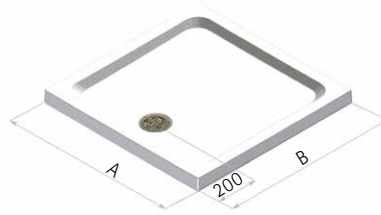

- Low Profile 40mm, 10mm Raised Threshold
- Stone resin, double acrylic cap
- Centre high-flow shower waste with Chrome flange and Stainless Steel grill

GENERAL INFORMATION

The Matki Collection and Price Guide contains a selection of our most popular Shower Enclosure, Bath Screen, Shower Tray and Brassware ranges. Other collections can be found online at www.matki.co.uk. The brochure begins by showing a visual overview by range of Matki Shower Enclosure products, following that there is a section organised by product type giving details on sizes, prices, options and handing. Shower Tray and Brassware sections are found towards the back of the brochure. We recommend that all information is read carefully and discussed with your nearest Matki Centre before ordering. Items shown in bold should be specified on order along with the model code and size required.

All images, finishes and colours are for representation purposes only and it is strongly recommended that you visit a Matki Centre to view a display of the product you are interested in. You can find your nearest Matki Centre by visiting the Find Dealers section on our website and inputting your postcode.

INSTALLATION

Full, simple-to-follow instructions are provided with all Matki products to ensure a quick and easy installation every time. Doors and side panels are adjustable between the sizes stated. All dimensions are approximate.

PRICES

Matki policy is one of continual improvement and we reserve the right to change specification, colour and prices without notice.

MATKI 10 YEAR GUARANTEE

Matki shower surrounds and shower trays are covered by a 10-year guarantee against parts failure, with the initial two-year period also having labour cost cover. Gold and Nickel-plated parts and all other special finishes, Teak Decking and Matki Glass Guard are guaranteed for the initial two-year period only. Living Brass, Brushed Brass, Living Copper and Aged Brass finishes are not covered by the Guarantee. Matki Elixir Thermostatic shower mixers and accessories and Matki Fastflow shower wastes are guaranteed for five years. The 10-year Matki Guarantee is subject to registration and the issuing of a Guarantee number. It is subject to the terms and conditions stated on the Matki website.

MATKI GLASS GUARD

Matki Glass Guard is an invisible glass surface coating which helps to reduce limescale and hard water deposits to make cleaning of the glass so much easier. Matki Shower Doors, Surrounds, and Trays are produced in accordance with BS EN ISO 9001:2015 Quality Assurance Systems.

WATER SOFTENERS AND GLASS GUARD

Certain types of water softeners increase the alkalinity of the water due to a carry-over of chloride during re-generation which can cause aggressive water spots on both untreated and Glass Guarded glass. If using a water softener we recommend a two-cylinder machine with automatic re-generation instead of a timer.

If a single-cylinder water softener with timer is already installed it is recommended that after each shower excess water is removed from the glass with a squeegee or with a micro-fibre cloth.

For any questions and feedback or to request copies of our EauZone Plus and Classica brochures, please contact our Customer Helpline on helpline@matki.co.uk or 01454 322 888.

Preference, Slate and Continental Matt White are Certified Anti Slip by DIN51097 and PTV standards. See individual product pages.
